Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Discussed the objection and rejection of claim 12; no agreement was reached in this regard. Discussed the new limitation added to claim 1 in the amendment filed 23 April 2001; the Examiner agreed that the amendment overcomes the rejection under 35 USC 102, but that further consideration and/or search would be required to determine patentability. Discussed the teachings of Fujimura et al. and the cushion layer, with particular attention to column 2, lines 1-5 of Fujimura et al..
